Foley Kidney Pills took all the hurt out. They are the best kidney pills I ever took." Rheumatic pains, swollen ankles, backache, stiff joints, sore muscles, and sleep disturbing bladder ailments indicate disordered kidneys. Foley Kidney Pills act promptly. A. R. LAJOIE'S BASEBALL CAREER IS ENDED

Philadelphia, Nov. 18.—Larry Lajoie's baseball career probably ended with the last season. The big Frenchman has been drawing \$9000 a season for the last three years, but with the close of the 1916 season that agreement expired. Connie Mack paid only half of the amount mentioned, the Cleveland club standing for the other half.

It is certain that Mack will not retain Lajoie, for he intends to build up a team with youngsters. Lajoie came into the National league in 1896. He was a member of the Fall River team at the time. The Philadelphia National league club sent a scout there to look over Phil Geler, a Washington boy, and Lajoie was thrown in for good measure in the deal for Geler.

In due time Lajoie became one of the greatest of players. George Stallings, who managed the Phillies at one time, was responsible for the placing of Lajoie at second base, where he became famous, because of his graceful fielding and his terrific batting.

It is not likely that Lajoie will be picked up by any other major league club, now that he is a free agent, and he is not apt to go to any minor league, for his salary demands would be too high, though he could both play and manage a team.

Lajoie is a man of wealth. He has drawn big salaries for many years. He has been of a saving disposition, and is reported to have a lot of his money well invested.
